I. Agenda Changes, Announcements & Additions

1. None

II. NEW BUSINESS

1. **Cady's Falls Bridge-** Mark Young would like to be exempt from the new weight restriction on the bridge. He has a farm in the area and hauling his corn and manure around and over Bridge Street Bridge is almost twice as long as going over Cady's Falls Bridge. Min suggested the Board table this discussion until Dan and himself have a chance to look at the bridges. Min discussed with Mark the reason for the weight restriction on the bridge which was to keep heavy vehicles off it in hopes of prolonging the life of the bridge. Min will report back to the Board and get back to Mark once he and Dan have met.
2. **Zoning- Rock Art Brewery-** Matt Nadeau came to discuss with the Selectboard the re-zoning of the BED along Route 100. He has been talking with Ed Debour about buying a portion of his property to relocate his facility. They have grown considerably and need more space. They would like the opportunity to put a restaurant in the space that would complement their beers. They also plan to sell t-shirts and other Rock Art merchandise as well as hold tastings. Currently the zoning bylaws will allow him to put his facility in that district, but would not allow him to sell his merchandise or open a restaurant as part of the Brewery. Ed DeBour is in support of the project and is currently working with Matt to come up with an agreement that is suitable to both parties. He believes that keeping Rock Art in Morrisville is vital to the community and it would enhance the gateway to our downtown. Matt felt that moving to Route 100 would give him more visibility than he has now; sometimes tourists have a hard time finding him. Matt does wish to keep Rock Art in Morrisville, but he is looking into other properties as he is under some time constraint with a 1 ½ years left on his lease at his current location. The Selectboard agreed that we need to look at re-zoning the BED to allow wholesale and commercial business. The Selectboard asked the Planning Commission how long it would take for this to happen. Bill Henchy thought that it would take 6 months to complete the steps such as gathering public input and holding public hearings. Bill

Rossmassler stated that the quickest it could happen would be 48 days if there are no issues that arise during the public hearings. The Selectboard felt that they needed to expedite the matter as quickly as they could and felt it was vital to do what they can to keep Rock Art in Morrisville.

Motion made by Dave Yacovone, seconded by Bob Beeman to request the Planning Commission to amend the Zoning bylaws to allow commercial and wholesale use within the BED District as outlined by the proposed bypass and the Village District. Motion passed. (5/0)

3. Board Reorganization-

Chair- Bob Beeman nominated Brian Kellogg as Chair, Todd Yando seconded the nomination. Nomination Passed (4/1) Brian abstained

Vice Chair- Min Cote nominated Dave Yacovone as Vice Chair, Bob Beeman Seconded. Nomination passed (4/1) Dave Yacovone abstained.

- 4. Permit & Septic Accounts-** Mary Ann went over the history of the accounts and how the State now does the Septic permits. The Town does not collect any fees anymore. The Permit account was a Zoning fees account. We no longer add to this account if any fees are deposited into an operating fund. There is a little over \$45,000 with both accounts combined. Mary Ann has suggested combining them into one account called Infrastructure Development account. The new account could be used for projects like the Stafford Ave. sewer project or sidewalk, etc. The Board agreed that this was a better way of labeling the funds.

Motion made by Bob Beeman, seconded by Min Cote to combine the Permit Account and the Septic Account in one Account called Infrastructure Development Motion approved (5/0).

8. **Review & Sign Loan Documents for the Bridge Street Bridge-** We are still waiting for the funding from the State. Dan has been in touch with Pam Thurber who said they should have the funding to us within a couple months. Dan didn't want to finance and pay interest on the portion that is supposed to come from the State.
